WATER BUNGALOWS
KEY PLAN

Our 4 exclusive bungalows line the edge of the serene sandy lagoon, offering direct access to its crystalline water and neighbouring beach club. A series of hammered stone walls creates a playful rhythm and an iconic design where each bungalow boasts its own private garden, outdoor patio and pool.

Purposefully grounded and blending within the natural topography, this intimate retreat is a wondrous haven for personal well-being. Its intricate designs are characterised by light and an organic palette with Zen influences gives you a sense of comfort.
